1 Foreword

DG/T 177-2023 was issued by Ministry of Agriculture of the People's Republic of China on 3 February 2023 and took effect the same day.

It replaces the earlier edition DG/T 177-2019.

The DG/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the identification content, methods and judgment rules for the promotion and identification of brush cutters. This standard applies to the promotion and identification of portable brush cutters and portable lawnmowers (hereinafter referred to as brush (grass) cutters) powered by gasoline engines or DC motors powered by lithium batteries with a rated voltage not greater than 75 V.
