1 Foreword

DG/T 211-2019 was issued by Ministry of Agriculture of the People's Republic of China on 22 February 2022 and took effect the same day.

The DG/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 10 pages in English translation.

2 Scope Preview

This standard specifies the identification content, methods and judgment rules for the promotion and identification of rail transport aircraft. This standard applies to the promotion and identification of rail transport aircraft (referred to as transport aircraft) with a rated loading mass of no more than 300 kg.

DG/T 211-2019 carries no ICS number and no Chinese Standard Classification code.
