1 Foreword

DG/T 212-2019 was issued by Ministry of Agriculture of the People's Republic of China on 3 February 2023 and took effect the same day.

The DG/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 10 pages in English translation.

2 Scope Preview

This standard specifies the identification content, methods and judgment rules for the promotion and identification of agricultural elevating work platforms. This standard applies to the promotion and identification of agricultural elevating work platforms (hereinafter referred to as work platforms) whose lifting height is not higher than 4000 mm and whose maximum walking speed is not higher than 15 km/h.
