1 Foreword

DG/T 217-2022 was issued by Ministry of Agriculture of the People's Republic of China on 22 February 2022 and took effect the same day.

The DG/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 9 pages in English translation.

2 Scope Preview

This standard specifies the identification content, methods and judgment rules for the promotion and identification of temperature and humidity controllers in facility environment control equipment. This standard applies to the promotion and identification of temperature and humidity controllers (hereinafter referred to as controllers) that only have temperature and humidity information collection equipment.
