1 Foreword

DG/T 297-2023 was issued by Ministry of Agriculture of the People's Republic of China on 31 May 2023 and took effect the same day.

The DG/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 13 pages in English translation.

2 Scope Preview

This standard specifies the identification content, methods and judgment rules for the promotion and identification of regenerative rice harvesters. This outline is applicable to the promotion and identification of full-feed crawler self-propelled regenerative rice harvesters (hereinafter referred to as harvesters).

DG/T 297-2023 carries no ICS number and no Chinese Standard Classification code.
