### What this standard covers

This Standard specifies the in-service non-ferromagnetic tube condenser eddy current testing (through the use of internal probe) detection method, detection systems, comparative sample test results and evaluation methods. This Standard applies to in-service condenser eddy current testing of non-ferromagnetic tube.

### Document data

International classification (ICS): 27.100.

Chinese classification (CCS): F23.

Estimated length of the Chinese original: 10,199 words.
