What this standard covers

This Standard specifies the basic requirements for finishing CONDENSER air-cooled power plant component performance testing and test data, calculation, preparation of test reports and other content. This Standard applies to the heat transfer element and Resistance Thermal Performance Test Lab Test power plant performance air-cooled condenser used.

Document data

International classification (ICS): 27.04.

Chinese classification (CCS): K54.

Estimated length of the Chinese original: 13,140 words.

Supersedes the earlier edition DL/T 552-1995.
