1 Foreword

DL/T 790.433-2005 is issued by National Energy Administration.

It is one of 13 parts of the DL/T 790 series.

The DL/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

DL/T 790.433-2005 falls under ICS 29.240.01, in the field of electrical engineering.

This catalogue holds 883 other DL/T standards in that field.

In this catalogue, DL/T standards carry edition years from 1991 to 2026.
