What this standard covers

This standard specifies the evaluation requirements for bedding green design, the preparation requirements for green design self-evaluation reports, the preparation requirements for life cycle assessment reports, and the basis for judging green design products. This standard is applicable to the green design evaluation of bedding products processed from cotton, chemical fiber and their blended fabrics. This standard does not apply to bedding products filled with batting fibers, down, silk, etc., such as pillows (cores), cushions (cores), quilts (cores), etc.
