What this standard covers

This standard specifies the terms and definitions, product classification, technical requirements, test methods, inspection rules, acceptance rules, packaging and marking of fully fashioned seamless wool knitted garments. This standard is applicable to identify the quality of pure sheep wool fully-molded seamless wool knitted garments and blended fully-molded seamless wool knitted garments with a sheep wool content of 30% or more. Other animal hair fiber products can also be implemented as a reference. This standard does not apply to fully formed seamless wool knitted garments for infants aged 36 months and below.
