1 Foreword

FZ/T 52017-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025.

It replaces the earlier edition FZ/T 52017-2011.

The FZ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the product identification, technical requirements, inspection rules, marking, packaging, transportation and storage of polyphenylene sulfide short fiber, and describes the corresponding test methods. This standard is applicable to natural color, circular cross-section polyphenylene sulfide short fibers with a nominal linear density of 0.89dtex ~ 7.78dtex, and other types of polyphenylene sulfide short fibers. Fiber can be used as a reference.

FZ/T 52017-2025 falls under ICS 59.060.20, in the field of textile and leather technology.

This catalogue holds 1,720 other FZ/T standards in that field.

In this catalogue, FZ/T standards carry edition years from 1991 to 2025.
