What this standard covers

This standard specifies the terms, definitions, and designations for soft shackles braided from ultra-high molecular weight polyethylene (UHMWPE) fiber ropes; it stipulates requirements for materials, general characteristics, physical properties, inspection rules, marking, packaging, transportation, and storage, and describes the corresponding test methods. This standard applies to UHMWPE soft shackles with size designations ranging from 6 to 96.

Document data

International classification (ICS): 59.080.50.

Chinese classification (CCS): W58.
