What this standard covers

This standard specifies the requirements, test methods, inspection rules, packaging, marking, transportation, and storage of silk nonwoven fabrics. This standard applies to nonwoven fabrics with a silk content of 30% or more, used for the surface layer of disposable sanitary products such as sanitary napkins, panty liners, and diapers (pads, pads), as well as cosmetics. Nonwoven fabrics with a silk content of less than 30% may refer to this standard.
