Foreword
1 Scope
2 Normative references

Foreword

Instead of the standard FZ/T 73015-1999 "linen knitwear." this standard FZ/T 73015-1999 compared to the main changes are as follows.

- Supplementary adjusted normative references.
- Adjust the format requirements, unified internal quality requirements listed in Table 1, the jacket and pants (skirt) parts of the combined size deviation in Table 2.
- Increased pilling, Dry Cleaning dimensional changes after washing twist rate, resistance to dry cleaning fastness, light/perspiration color fastness assessment requirements.
- Increase the formaldehyde content, pH, odor, biodegradable aromatic amine dyes assessment requirements.
- Complements the color fastness to perspiration (lye) assessment requirements.
- Product quality grade is divided into superior products, first-class goods and qualified products.
- Raised some color fastness assessment indicators; tightened the washing dimensional change negative deviation.
- Tightened the requirements on the part of the appearance of defects.
- To the bursting strength bursting strength.
- Original standard Appendix A and Appendix B to Appendix A. modification integration Appendix A of this standard is an informative annex.

The standard proposed by China Textile Industry Association.

This standard by the National Standardization Technical Committee Textile hemp textile subcommittee.

This standard was drafted. Intertek (Tianjin) Group, Heilongjiang Province Textile Products Quality Supervision and Testing Center, Heilongjiang Province Textile Industry Research the Jilin Province Textile Products Quality Supervision and Inspection Center.

1 Scope

This standard specifies the knitwear linen resolution of type specifications, requirements, test methods, visual inspection and acceptance rules, signs and packaging.

This standard applies to knitwear pure linen, flax content of 50% or more of the blended or mixed knitwear.

2 Normative references

The following documents contain provisions which, through reference in this standard and become the standard terms. For dated references, subsequent Amendments (not including errata content) or revisions do not apply to this standard, however, encourage the parties to the agreement are based on research Whether the latest versions of these documents. For undated reference documents, the latest versions apply to this standard.
