Moisture-absorption and heat-generating knitted underwear

1 Scope

This Standard specifies the terms and definitions, product sizes, requirements, test methods, judgment rules, instructions for use, packaging, transportation and storage for moisture-absorption and heat-generating knitted underwear.

This Standard is applicable to the quality assessment of moisture-absorption and heat-generating knitted underwear

2 Normative references

The provisions in following documents become the provisions of this Standard through reference in this Standard. For dated references, the subsequent amendments (excluding corrigendum) or revisions do not apply to this Standard, however, parties who reach an agreement based on this Standard are encouraged to study if the latest versions of these documents are applicable. For undated references, the latest edition of the referenced document applies.

GB 5296.4, *Instructions for use of products of consumer interest -- Part 4: Textiles and apparel*

GB/T 4856, *Package of cotton goods and knitwear*

GB/T 8170, *Rules of rounding off for numerical values and expression and judgement of limiting values*

GB/T 9995, *Determination of moisture content and moisture regain of textile. Oven-drying method*

3 Terms and definitions

For the purposes of this document, the following terms and definitions apply.

3.1 moisture-absorption and heat-generating knitted underwear

Knitted underwear made of moisture-absorption and heat-generating materials and meeting the temperature rise value requirements of this Standard.
