What this standard covers

This standard specifies the terms and definitions, product sizes, requirements, tests, sampling rules, judgment rules, product instructions, packaging, transportation, and storage of knitted down garments. This standard applies to various down garments made primarily of knitted fabrics and primarily filled with down. Other fibers may be used as filling materials for accessories such as hats, collars, plackets, and pocket flaps.

Document data

International classification (ICS): 59.080.30.

Chinese classification (CCS): W63.

Estimated length of the Chinese original: 14,145 words.

Supersedes the earlier edition FZ/T 73053-2015.
