### What this standard covers

This standard specifies the product size, requirements, testing, sampling rules, judgment rules, product instructions, packaging, transportation, and storage for knitted fleece garments. This standard applies to the quality assessment of garments with a fleece-like front, made primarily from knitted fleece fabrics such as velvet, polar fleece, coral fleece, imitation lambskin fleece, and imitation suede.

### Document data

International classification (ICS): 59.080.30.

Chinese classification (CCS): W63.

Estimated length of the Chinese original: 18,177 words.
