What this standard covers

This standard specifies the size designations, requirements, testing, sampling rules, conformity judgment rules, as well as product instructions, packaging, transportation, and storage for dope-dyed knitted garments. This standard applies to garments primarily made of knitted fabrics composed of 100% dope-dyed nylon, viscose, or polyester fibers, or blends containing at least 50% dope-dyed fibers; other garments made of dope-dyed fibers may also refer to this standard.

Document data

International classification (ICS): 59.080.30.

Chinese classification (CCS): W63.

Estimated length of the Chinese original: 21,236 words.
