What this standard covers

This standard specifies the terms and definitions, specifications, requirements, test methods, sampling rules, conformity assessment rules, product instructions, packaging, transportation, and storage for functional knitted pillows intended for infants and toddlers. It applies to pillows with specific functions designed for infants and toddlers aged 36 months or younger, featuring knitted fabric as the primary material and filled with materials such as textile fibers, natural plant matter, polyurethane, or latex; it also applies to toddler head-protection caps and pads.
