What this standard covers

This standard specifies the classification and marking, requirements, test methods, inspection rules and packaging, marking, transportation and storage of elastic card clothing. This standard is applicable to the production and testing of elastic card clothing (except elastic cover card clothing) for textile combing of various fibers such as cotton, wool, and linen, and is also applicable to the production and testing of elastic card clothing for raising finishing and auxiliary cleaning of fabrics. The production and testing of elastic card clothing for other purposes can be used as a reference.

Document data

International classification (ICS): 59.120.10.

Chinese classification (CCS): W93.

Supersedes the earlier edition FZ/T 93020-2004.
