PEOPLE'S REPUBLIC OF CHINA**

GA 312-2010

**Police shoes - Cotton-padded leather shoes for women
(English Translation)**

Issued on: January 1, 1970

Implemented on: January 1, 1970

Issued by: Ministry of Public Security

Table of Contents

Foreword	
1 Scope	
2 Normative references	
3 Requirements	
3.1 Structure and style	
3.2 Model size	
3.3 Main materials	
3.4 Craftsmanship and finishing	
3.5 Sensory quality	
3.6 Physical properties	
3.7 Limited substances	
4 Test method	
4.1 Sensory inspection	
4.2 Physical properties, material inspection and restricted substances	
5 Inspection rules	
5.1 Inspection classification	
5.2 Type inspection	
5.3 Delivery inspection	
5.4 Defect classification	
5.5 Batching and sampling	
5.6 Qualification judgment	
6 Identification, packaging, transportation and storage	
6.1 Identification	
6.2 Packaging	
6.3 Transport and storage	
Appendix A (Normative) Technical Requirements for Shoe Last Dimensions	
Appendix B (Normative) Technical Requirements for Outsole	
Appendix C (Normative) Technical requirements for flat shearing/sponge flock composite shoe lining	
Appendix D (Normative) Key Processing Equipment	
Appendix E (Normative) Packaging Technical Requirements	
Appendix F (Normative) List of aromatic amines that are not allowed to be decomposed from dyes under reducing conditions	

Appendix G (Normative) Anti-slip performance test method

Foreword

All technical content of this document is mandatory.

This document is in accordance with the provisions of GB/T 1.1-2020 "Guidelines for Standardization Work Part 1: Structure and Drafting Rules of Standardization Documents" Drafting.

This document replaces GA 312-2010 "Police Shoes Women's Cotton Leather Shoes". Compared with GA 312-2010, except for structural adjustments and editorial changes in addition, the main technical changes are as follows.

- a) The structure and style of leather shoes have been changed (see 3.1, 4.1 in the 2010 edition);
- b) The technical requirements for leather shoe upper materials have been changed (see 3.3, 4.4 in the 2010 edition);
- c) Added leather softness requirements (see 3.3);
- d) The main heel and inner header materials have been changed (see 3.3, 4.4 in the 2010 edition);
- e) The shape of the steel shank has been changed (see 3.3, 4.4 in the 2010 edition);
- f) The outsole material has been changed (see 3.3, 4.4 in the 2010 edition);
- g) Post-finishing requirements have been added (see 3.4.4);
- h) The physical performance requirements have been changed (see 3.6, 4.6 in the 2010 edition);
- i) Added the requirement for bottom peeling strength (see 3.6.3);
- j) The anti-skid performance requirements have been added (see 3.6.5);
- k) The requirements for restricted substances have been added (see 3.7);
- l) Changed the defect classification (see 5.4, 6.4 in the 2010 edition);
- m) Changed batching and sampling (see 5.5, 6.5 in 2010 edition);
- n) Changed the qualification judgment (see 5.6, 6.6 of the 2010 edition);
- o) Modified the technical requirements for shoe last size (see Appendix A, Appendix A of the 2010 edition);
- p) The technical requirements for outsoles have been changed (see Appendix B, Appendix

C of the 2010 edition);

q) Added the technical requirements for flat shearing/sponge flock composite shoe lining (see Appendix C);

r) Key processing equipment has been added (see Appendix D);

s) Added the list of aromatic amines that are not allowed to be decomposed in dyes under reducing conditions (see Appendix F);

t) The anti-skid performance test method has been added (see Appendix G).

1 Scope

This document specifies the requirements, test methods, inspection rules and identification, packaging, transportation and storage of police shoes and women's cotton leather shoes.

This document applies to police shoes and women's cotton shoes.

2 Normative references

The content of the following documents constitutes an indispensable clause of this document through normative references in the text. Among them, dated quotations Only the version corresponding to the date is applicable to this document; for undated reference documents, the latest version (including all amendments) is applicable to this document.
