Foreword

All the technical contents of this standard is mandatory.

Since the implementation of this standard replaces GA 362-2001 "uniforms material waterproof and breathable polyurethane coating wet cloth." this standard GA 362-2001 compared to major changes are as follows.

--- Name of the original standard waterproof and breathable polyurethane coating wet cloth to waterproof and breathable composite fabric;

--- Modify the fabric specifications;

--- Increase the standard number;

--- Improving the breaking strength, tear strength, resistance to hydrostatic pressure, light fastness and soaping color fastness;

--- Increasing the washed surface moisture resistance, surface charge density of the indicator;

--- Remove the permeability index;

--- Adjust the scope of low temperature impact indicators;

--- Increased security requirements, the provisions of the free formaldehyde content and pH indicators;

--- Modify the appearance of quality assessment methods;

--- Modify the inspection rules.

This standard was proposed by the Ministry of Public Security Equipment Finance Bureau.

This standard by the Ministry of Public Security Special Police Equipment Standardization Technical Committee.

This standard was drafted. MPS Equipment Finance Bureau, Ministry of Public Security Special Equipment Quality Supervision and Inspection Center, Shandong Jinfeng Artificial Leather Co.
