Foreword

All technical content in this section is mandatory.

GA 409 "National Road Traffic Management System Data Exchange Format" is divided into five parts.

- Part 1. Data exchange format for motor vehicle drivers;
- Part 2. Motor vehicle registration data exchange format;
- Part 3. Traffic violation data exchange format;
- Part 4. Traffic accident statistical data exchange format;
- Part 5. Imported motor vehicle file data exchange format.

This part is the fifth part of GA 409.

This part is proposed by the Traffic Management Bureau of the Ministry of Public Security.

This part is under the jurisdiction of the Computer and Information Processing Standardization Technical Committee of the Ministry of Public Security.

1 Scope

This section specifies the exchange format for the verification information of imported vehicles.

This section applies to the national imported computer verification system.

2 Normative references

The terms in the following documents become the terms of this section by reference to this part of GA 409. For dated references, all subsequent amendments (not including errata content) or revisions do not apply to this section, however, an agreement is encouraged under this section.

The parties are studying whether the latest version of these documents can be used. For undated references, the latest edition applies to this section.

GB/T 2659 world countries and regions name code GA 24.4 Motor vehicle registration information code - Part 4. Motor vehicle type code GA 24.7 Motor vehicle registration information code Part 7. Motor vehicle license plate type code GA 36 People's Republic of China Motor Vehicle Number Plate GA 410.1 Import motor vehicle registration information code Part 1. Certificate type code GA 410.2 Imported motor vehicle registration information code Part 2. Checking error information code GA 410.3 Imported motor vehicle registration information code Part 3. Certificate status code

3.1 Request to check application information
