Appendix A (Normative) Computer Aided Judging Examination Item

Foreword

GA/T 1028 "motor vehicle driver test system general technical conditions" is divided into the following sections.

- Part 1. General principles;
- Part 2. Driving theory test system;
- Part 3. Field driving skills test system;
- Part 4. Road driving skills test system.

This section is the fourth part of GA/T 1028.

This section drafted in accordance with GB/T 1.1-2009 given rules.

This Part replaces GA/T 1028.4-2012 "motor vehicle driver test system General technical conditions Part 4. Road driving skills Examination system ", compared with GA/T 1028.4-2012, in addition to editorial changes, the main technical changes are as follows.

- Modify "General Requirements" (see 4.1, 2012 version 4.1);
- Added "electrical components" (see 4.4);
- Modify the "system self-test" (see 4.5.1, 2012 version 4.4.13);
- Modify the "test evaluation" (see 5.4.4, 2012 version 4.4.3);
- Added "test order issued and the results informed" (see 4.5.5);
- Added "human-computer interaction" (see 4.5.6);

- Modify the "examination process management and monitoring" (see 4.7.5, 2012 version 4.4.6);
- Added "audio and video monitoring" (see 4.5.8);
- Added "time synchronization" (see 4.5.9);
- Added "driving record" (see 4.5.10);
- Modify the "test information transmission" (see 4. 5.11, 2012 version 4.4.7);
- Removed "test information storage" (see 2012 version 4.4.8);
- Removed the "test information management" (see 2012 version 4.4.9);
- Modify "Data Security Management" (see 5.4.12, 2012 version 4.4.10);
- Modify the "query, statistics" (see 4.5.14, 2012 version 4.4.12);
- Modify the "power adaptability" (see 4.6.1, 2012 version 4.5.1);
- Modify the "Computer Aided Judgment Examination Project" (see Appendix A, 2012 edition of Appendix A).

This part of the Ministry of Public Security Road Traffic Management Standardization Technical Committee proposed and centralized.

This section is responsible for the drafting unit. Ministry of Public Security Traffic Management Science Institute.

This section participates in the drafting unit. National Road Traffic Safety Products Quality Supervision and Inspection Center, Wuhan University of Technology, Nanjing Duolun Technology Co., Ltd., Anhui triple transport applications Technology Co., Ltd..

1 Scope

GA/T 1028 provisions of this part of the road driving skills examination system requirements, test methods, inspection rules, signs, labels and package.

This section applies to large passenger cars, tractors, city buses, medium-sized buses, large trucks, small cars, small cars, low auto Fast-track truck, a small pilot for the disabled with automatic pilot car driver's road driving skills examination system.

2 Normative references

The following documents for the application of this document is essential. For dated references, only the dated version applies to this article Pieces. For undated references, the latest edition (including all amendments) applies to this document.
