Foreword

This standard was drafted in accordance with the rules given in GB/T 1.1-2009.

This standard replaces GA/T 1230-2015 "Resident ID Card Information Data Exchange Format", compared with GA/T 1230-2015, the main technical changes are as follows.

---Modified the scope (see Chapter 1, Chapter 1 of the 2015 edition);

---Modified the naming and file structure of the exchange data file, and added the naming of the exchange data file accepted by other places (see Chapter 3, 2015) Chapter 3 of the Year Edition);

---Modified the exchange data item of the certificate feedback information, and added the initial management number of the resident ID card (see Chapter 4, 2015 edition of the Chapter 4).

GA/T 1230-2015 shall be repealed from the date of implementation of this standard.

This standard was proposed by the Public Security Administration of the Ministry of Public Security.

This standard is under the jurisdiction of the Computer and Information Processing Standardization Technical Committee of the Ministry of Public Security.
