Foreword

This document is in accordance with the provisions of GB/T 1.1-2020 "Guidelines for Standardization Work Part 1: Structure and Drafting Rules for Standardization Documents" drafting:

This document is Part 300 of GA/T 2000:

This document replaces GA 777.4-2010 "Fingerprint Data Code Part 4: Type Code of Persons whose Fingerprints Are Printed", and GA 777.4-Compared with:2010, the main technical changes are as follows:

---Modified from a mandatory standard to a recommended standard;

---Delete the category of "Persons who have been detained and educated according to law" (see Table 1 in Chapter 4 of the:2010 edition);

---Change the category of "persons who have been reeducated through labor or custody and education according to law" to "persons who have been specially corrected and educated according to law" (see the table in Chapter 5 1, Table 1 in Chapter 4 of the:2010 edition):

This document was submitted by the Criminal Investigation Bureau of the Ministry of Public Security:

This document is under the jurisdiction of the Computer and Information Processing Standardization Technical Committee of the Ministry of Public Security:

1 Scope

This document specifies the category codes of the persons whose fingerprints and palmprints are collected:

This document is applicable to the construction of public security information and the processing and management of information:

2 Normative references

The contents of the following documents constitute the essential provisions of this document through normative references in the text: Among them, dated references for documents, only the version corresponding to the date is applicable to this document; for undated reference documents, the latest version (including all amendments) is applicable to this document:

GA/T 773-2019 Terminology for Automatic Fingerprint Recognition System

3 Terms and Definitions

The terms and definitions defined in GA/T 773-2019 apply to this document:

4 Encoding method

The category code of the person whose fingerprints and palmprints are collected is represented by 2 digits of Arabic numerals:

5 Code table

The category code of the collected finger and palm prints shall comply with the provisions in Table 1:

Table 1 The category code list of the collected finger and palm prints

code	name	description
------	------	-------------
