Foreword

GA/T 974 "Fire Information Code" is divided into 73 parts.

- Part 1. Classification and codes of professional fire experts;
- Part 2. Fire fighting troops on duty post codes;
- Part 3. Fire supervision and law enforcement Post Code;
- Part 4. Fire Management Role Code;
- Part 5. volunteer fire service category codes;
- Part 6. Fire Awareness Training Object type code;
- Part 7. Fire classification system and codes;
- Part 8. Classification and codes for fire station;
- Part 9. fire and rescue departments category code;
- Part 10. Fire combat service support social institutions category code;
- Part 11. Fire Equipment maintenance organization category code;
- Part 12. Fire product quality inspection/conformity assessment bodies category code;
- Part 13. Fire Evidence Identification institution category code;
- Part 14. construction-related unit code;
- Part 15. Fire Supervision jurisdiction level code;
- Part 16. Classification and codes for fire inspection and enforcement;
- Part 17. fire inspection code form;
- Part 18. construction fire administration permission to handle matters with classification

codes;

--- Part 19. construction fire administration permission and acceptance of filing the case the code;

--- Part 20. public gathering places fire codes permit conditions;

--- Part 21. social unit fire and emergency evacuation situation codes;

--- Part 22. Fire safety key parts of the fire signs and the establishment of the classification codes;

--- Part 23. Automatic sprinkler system installation location of the fire hazard classification and codes;

--- Part 24. Fire Emergency workflow codes;

--- Part 25. Fire watch category code;

--- Part 26. Fire Watch category code;

--- Part 27. Basic rescue program code;

--- Part 28. Fire and police incident classification codes;

--- Part 29. Fire Alarming results Sort and codes;

--- Part 30. Fire rescue plan type and classification codes;

--- Part 31. fire rescue class code;

--- Part 32. Fire readiness level code;

--- Part 33. Classification and codes cause of the fire;

--- Part 34. Fire class code;

--- Part 35. Fire category code;

--- Part 36. Fire Code development stage;

--- Part 37. Fire disposal stage code;

--- Part 38. fire casualties reason code;

--- Part 39. Fire service vehicle status and classification codes;

--- Part 40. Fire combat service support category code;

--- Part 41. Fire fight commentary category code;

--- Part 42. Fire War Comment organizational level codes;

--- Part 43. Fire fight on the fundamental program code;

- Part 44. Fire war assessment report and project classification codes;
- Part 45. Fire training programs and classification codes;
- Part 46. Fire training and classification codes;
- Part 47. Fire training courses and classification codes;
- Part 48. Fire Training Examination and classification codes;
- Part 49. Fire training Assessment methods Code;
- Part 50. Fire training for the evaluation and classification codes;
- Part 51. Fire training ground use category codes;
- Part 52. Fire science education base type code;
- Part 53. Social education activity classifications and codes;
- Part 54. Fire Facilities in classification and code;
- Part 55. Fire facilities category code;
- Part 56. Fire training facilities and classification codes;
- Part 57. Fire water supply facilities and species classification codes;
- Part 58. Fire and Water classification codes;
- Part 59. Fire major hazard sites and facilities category code;
- Part 60. Classification and codes for fire separation facilities;
- Part 61. Classification and codes extinguishing system;
- Part 62. Classification of smoke control system and codes;
- Part 63. Fire truck Working height category code;
- Part 64. Fire truck on the total mass category code;
- Part 65. Performance fire codes;
- Part 66. Fire hose pressure category code;
- Part 67. Fire Hose inside diameter type code;
- Part 68. Fire hose lining material category code;
- Part 69. Classification and codes for fire was;
- Part 70. building structure type code;
- Part 71. Buildings and fire resistance classification codes;

--- Part 72. Chemical status code;

--- Part 73. Fire a wireless communication network-level code.

This section GA/T 974 Part 23.

This section drafted in accordance with GB/T 1.1-2009 given rules.

This part is proposed by the Ministry of Public Security Fire Department.

This part of the jurisdiction of the Ministry of Public Security computer processing Standardization Technical Committee and Information Technology.

This section is responsible for drafting unit. Shenyang Fire Research Institute Ministry of Public Security.

Participated in the drafting of this section. Hangzhou Police Fire Brigade.

1 Scope

GA/T 974 provisions of this part of the automatic sprinkler system installation location of the fire danger rating and classification codes.

This section applies to public security information technology and processing and management information.

2 Normative references

The following documents for the application of this document is essential. For dated references, only the dated version suitable for use herein Member. For undated references, the latest edition (including any amendments) applies to this document.

GB 50084-2005 sprinkler system design specifications

3 Encoding method

Code hierarchical code with two digits, the first digit categories, the first two numbers indicate the subcategories, coding structure shown in Figure 1.
