What this standard covers

This Chinese standard provides by one or more linear reciprocating cutter outer trim hedges and shrubs portable handheld powered hedge trimmers definitions of terms, safety requirements and test procedures. This standard does not apply with the rotary cutter hedge trimmers, nor does it apply knapsack or other external power source driven hedge trimmers. This standard does not include electric hedge trimmers electrical requirements (see GB 3883. 15).

Document data

International classification (ICS): 65.060.70.
