1 Scope

GB 19079.15-2025 is the Chinese national standard on operation conditions and technical requirement for gymnasium and playground - part 15: fencing place, in the field of domestic and commercial equipment, entertainment, sport. It carries no /T suffix, which in the Chinese system means compliance is mandatory: a product or a practice within its scope has to meet it to be lawfully made, sold or carried out in China. It was issued on 31 December 2025 by the State Administration for Market Regulation; Standardization Administration of China, and has been in force since 1 July 2026. Classification: ICS 97.220, CCS Y55. This page is published from the official record of the standard held by the Chinese standards administration: the identification, the dates, the classification and the issuing body are taken from there. The clause text, the tables and the numeric limits are in the document itself, which is delivered complete in English translation.

This document specifies the staffing and qualification requirements for fencing venues, the conditions for venue facilities and equipment, and hygiene requirements. Necessary security measures. This document applies to the management of all types of fencing venues open to the public.
