Table of Contents

1 Scope
2 Equipment and materials
2.1 Sampling tools
2.2 Sample container
2.3 Other supplies
3 Sampling
3.1 Sampling principles and plans
3.2 Pre-packaged bee products
3.3 Bee products in bulk or produced on site
3.4 Sample storage and transportation
4 Sample processing
5 Inspection

1 Foreword

GB 4789.48-2024 was issued by National Health Commission of the People's Republic of China, State Administration for Market Regulation on 8 February 2024.

It is one of 46 parts of the GB 4789 series.

2 Scope

This standard specifies the sampling and sample processing methods of bee products. This standard is applicable to the sampling and sample processing of bee products.

3 About this standard

Issued by: National Health Commission of the People's Republic of China, State Administration for Market Regulation

English translation: about 3 pages

Chinese original: about 4,451 characters

4 Related standards
