Foreword

GB 5606 "Cigarettes" is divided into six parts. - Part

1 Scope

GB 5606.2-2005 is the Chinese national standard on cigarettes-mark, in the field of agriculture. It carries no /T suffix, which in the Chinese system means compliance is mandatory: a product or a practice within its scope has to meet it to be lawfully made, sold or carried out in China. It was issued on 17 June 2005 by the General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China; Standardization Administration of China, and has been in force since 1 January 2006. Classification: ICS 65.160, CCS X87. This page is published from the official record of the standard held by the Chinese standards administration: the identification, the dates, the classification and the issuing body are taken from there. The clause text, the tables and the numeric limits are in the document itself, which is delivered complete in English translation.

This Part of GB 5606 specifies the requirements, test methods, inspection rules for cigarette packaging marks. This Part applies to cigarettes.

2 Normative references

The clauses in the following documents become the clauses of this Part through reference to this Part of

GB 5606. For any referenced document with a date, all subsequent amendments (excluding errata) or revisions are not applicable to this Part. However, parties to an agreement based on this Part are encouraged to study whether the latest versions of these documents can be used. For any referenced document without a date, the latest version shall apply to this Part.

GB/T 5606.1 Cigarettes - Part
