--- Added Appendix A, Appendix B, Appendix C. The Standard Appendix A, Appendix B, Appendix C is a normative appendix. The standard proposed by China National Light Industry Council. This standard by the National Standardization Technical Committee of the paper industry. This standard was drafted. Product Quality Supervision and Inspection Institute of Henan Province, China Pulp and Paper Research Institute. The main drafters of this standard. Li, Ruan Jian, Xuyan Qiu. This standard replaces the standards previously issued as follows:

--- GB/T 11541-1989. This standard by the National Standardization Technical Committee is responsible for interpreting the paper industry. Photographic Paper

1 Scope

GB/T 11541-2008 is the Chinese national standard on photographic base paper, in the field of paper technology. The /T suffix marks it as a recommended standard: it is not compulsory by itself, but it becomes binding as soon as a contract, a tender or a customer specification calls it up - which in practice is how most foreign buyers meet it. It was issued on 19 August 2008 by the General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China; Standardization Administration of China, and

has been in force since 1 May 2009. Classification: ICS 85.060, CCS Y32. This page is published from the official record of the standard held by the Chinese standards administration: the identification, the dates, the classification and the issuing body are taken from there. The clause text, the tables and the numeric limits are in the document itself, which is delivered complete in English translation.

This standard specifies the classification, technical requirements, test methods, inspection rules photographic base paper, signs, packaging, transportation and storage. This standard applies to the processing and printing enlarged photographic paper.

2 Normative references
