--- Part 1. Single, double column bookshelf;

--- Part 2. laminated bookshelf;

--- Part 3. Manually intensive shelves;

--- Part 4. Electric intensive bookshelf. This section GB/T Part of 113,667. This section drafted in accordance with GB/T 1.1-2009 given rules. This Part replaces GB/T 13667.1-2003 "steel shelves General technical requirements." This portion of the GB/T 13667.1-2003 phase Ratio, in addition to editorial changes outside the main technical changes are as follows:

--- Remove the open shelves, define protective bookshelf, standard frames, floors, columns, laminated shelves and dense shelf (see 2003 edition The 3.5,3.6,3.9,3.10,3.12,

--- Increased independence planes, even the definition of multi-frame (see

--- Revised classification of products (see Chapter 4, Chapter 4 of the 2003 edition);

--- Remove the material and structural requirements (see the 2003 edition of the

--- Remove the size requirements (see the 2003 version 6.1.1);

--- Delete the column, siding and other parts requirements (see 2003 edition of 6.1.4 and 6.1.5);

--- Increasing the wooden pieces of appearance requirements (see 5.2.9);

--- Remove the plating, phosphate, gloss requirements (see the 2003 edition of 6.3.1,

1 Scope

GB/T 13667.1-2015 is the Chinese national standard on steel bookshelves - part 1: bookshelf of single column and multi-column, in the field of domestic and commercial equipment, entertainment, sport. The /T suffix marks it as a recommended standard: it is not compulsory by itself, but it becomes binding as soon as a contract, a tender or a customer specification calls it up - which in practice is how most foreign buyers meet it. It was issued on 11 September 2015 by the General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China; Standardization Administration of China, and has been in force since 1 April 2016. Classification: ICS 97.140, CCS Y81. This page is published from the official record of the standard held by the Chinese standards administration: the identification, the dates, the classification and the issuing body are taken from there. The clause text, the tables and the numeric limits are in the document itself, which is delivered complete in English translation.

GB/T 13667 provisions of this part of the single, complex terms and definitions column shelves, classification, requirements, test methods, inspection rules, marking, Instructions for use, packaging, transportation and storage. This section applies to a single, complex column bookshelf.
