About this standard

Classification and status

1 Foreword

GB/T 13947-1992 was issued by State Bureau of Technical Supervision on 17 December 1992 and has been in force since 1 August 1993.

2 Scope

This standard specifies the electronic components of plastic packaging equipment (hereinafter referred to as plastic device) terminology, product classification, technical requirements, test methods, inspection rules and signs, packaging, transportation, storage and so on. This standard applies to plastic packages of integrated circuits, discrete semiconductor devices poster vertical plastic packaging equipment, resistors, capacitors and other electronic components.

3 About this standard

Sector: National Standard (Recommended)

Issued by: State Bureau of Technical Supervision

English translation: about 8 pages (approximate)

Chinese original: about 9,985 characters

4 Classification and status

International classification (ICS): 31.02

Chinese Standard Classification (CCS): L99

Prefix GB/T: recommended standard.
