3 Terms and Definitions
4 Consistency
5 Compatible configuration rules
5.1 Overview
5.2 Common grammatical rules (GB/T 14805.1)
5.3 Syntax rules for batch electronic data interchange (GB/T 14805.2)
5.4 Syntax rules for interactive electronic data interchange (GB/T 14805.3)
5.5 Batch electronic data interchange syntax and service report message (message type CONTRL) (GB/T 14805.4)
5.6 Security rules for batch electronic data interchange (authenticity, integrity and non-repudiation of origin) (GB/T 14805.5)
5.7 Security authentication and confirmation message (message type AUTACK) (GB/T 14805.6)
5.8 Security Rules for Batch Electronic Data Interchange (Confidentiality) (GB/T 14805.7)
5.9 Related data in electronic data exchange (GB/T 14805.8)
5.10 Security key and certificate management message (message type KEYMAN) (GB/T 14805.9)
Appendix A (Normative) Service Segment Implementation Rules
A.1 Overview
A.4 Groupheader-UNG (Groupheader)
A.5 Message Header-UNH (Message Header)
A.6 Section control-UNS (Section control)
A.7 Message Trailer - UNT (Message Trailer)
A.8 Group trailer - UNE (Grouptrailer)
Reference

Foreword

This document is in accordance with the provisions of GB/T 1.1-2020 "Guidelines for standardization work Part 1: Structure and drafting rules for standardization documents"

Drafting.

This document is Part 11 of GB/T 14805. GB/T 14805 has been published in the following parts.

--- Electronic Data Interchange for Administration, Commerce and Transport (EDIFACT) Application Level Syntax Rules (Syntax Version. 4, Syntax Release no.. 1) Part 1: Common grammatical rules;

--- Electronic Data Interchange for Administration, Commerce and Transport (EDIFACT) Application Level Syntax Rules (Syntax Version. 4, Syntax Release no.. 1) Part 2: Syntax rules specific to batch electronic data interchange;

--- Electronic Data Interchange for Administration, Commerce and Transport (EDIFACT) Application Level Syntax Rules (Syntax Version. 4, Syntax Release Number. 1) Part 3: Syntax rules specific to interactive electronic data interchange;

--- Electronic Data Interchange for Administration, Commerce and Transport (EDIFACT) Application Level Syntax Rules (Syntax Version. 4, Syntax Release no.. 1) Part 4: Batch electronic data interchange syntax and service report messages (message type CONTRL);

--- Electronic Data Interchange for Administration, Commerce and Transport (EDIFACT) Application Level Syntax Rules (Syntax Version. 4, Syntax Release no.. 1) Part 5: Security rules for batch electronic data interchange (authenticity, integrity and non-repudiation of origin);

--- Electronic Data Interchange for Administration, Commerce and Transport (EDIFACT) Application Level Syntax Rules (Syntax Version. 4, Syntax Release no.. 1) Part 6: Security authentication and confirmation message (message type is AUTACK);

--- Electronic Data Interchange for Administration, Commerce and Transport (EDIFACT) Application Level Syntax Rules (Syntax Version. 4, Syntax Release no.. 1) Part 7: Security rules for batch electronic data interchange (confidentiality);

--- Electronic Data Interchange for Administration, Commerce and Transport (EDIFACT) Application Level Syntax Rules (Syntax Version. 4, Syntax Release no.. 1) Part 8: Related data in electronic data interchange;

--- Electronic Data Interchange for Administration, Commerce and Transport (EDIFACT) Application Level Syntax Rules (Syntax Version. 4, Syntax Release no.. 1) Part 9: Security key and certificate management message (message type is KEYMAN);

--- Application level syntax rules for electronic data interchange for administration, commerce and transport - Part 10: Syntax service directory;

--- Electronic Data Interchange for Administration, Commerce and Transport (EDIFACT) Application Level Syntax Rules (Syntax Version. 4, Syntax Release Number. 1) Part 11: Profiles for compatibility from version 3 to version 4 of ISO 9735.

This document is modified to adopt ISO 9735-11:2022 "Electronic data interchange for administration, commerce and transport (EDIFACT) Application level syntax" Rules (Syntax version number. 4, Syntax release number. 1) Part 11: Profiles for compatibility with ISO 9735 version 3 to version 4.

The technical differences between this document and ISO 9735-11:2022 and their reasons are as follows.

--- Modify the scope of Chapter 1;

--- Replaced ISO 9735.1, ISO 9735.2, and GB/T 14805.10 with the normative references GB/T 14805.1, GB/T 14805.2, and GB/T 14805.10 ISO 9735.10, to enhance operability (see Chapter 4, Appendix A);

--- For ease of use, important terms are added to the element "Terms and Definitions" (see 3.4, 3.5).

The following editorial changes were made to this document.

--- GB/T 14805.3 ~ GB/T 14805.9 replaced ISO 9735.3 ~ ISO 9735.9.

1 Scope

This document specifies the consistency and compatibility configuration rules for the transition from version 3 of ISO 9735 to version 4 of the GB/T 14805 syntax.

This document is intended for users of ISO 9735 version 3 to migrate to GB/T 14805 version 4 with minimal effort and cost.

2 Normative references

The contents of the following documents constitute essential clauses of this document through normative references in this document.

For referenced documents without a date, only the version corresponding to that date applies to this document; for referenced documents without a date, the latest version (including all amendments) applies to this document.

GB/T 14805.1 Electronic data interchange for administration, commerce and transport (EDIFACT) Application level syntax rules (Syntax version number.

4.Syntax release number. 1) Part 1: Common syntax rules (GB/T 14805.1-2007, ISO 9735-1:2002, IDT) GB/T 14805.2 Electronic data interchange for administration, commerce and transport (EDIFACT) Application level syntax rules (Syntax version number.

4, Syntax Release Number. 1) Part 2: Syntax Rules for Batch Electronic Data Interchange (GB/T 14805.2-2007, ISO 9735-2.

2002, IDT)

GB/T 14805.10 Application level syntax rules for electronic data interchange for administration, commerce and transport - Part 10: Syntax rules for electronic data interchange for administration, commerce and transport Service Catalog (GB/T 14805.10-2005, ISO 9735-10:2002, IDT)

3 Terms and definitions

The terms and definitions defined in GB/T 14805.1 and the following apply to this document.

Telecommunication between computer applications such as business transactions or administrative affairs using agreed standards for the structure of transaction or message data Sub-transmission.

[GB/T 14805.1-2007,4.44] 3.2 Batch EDI Electronic data exchange without special requirements for structured data exchange using requests and responses between parties.

[GB/T 14805.1-2007,4.6, modified] 3.3 interactiveEDI A predefined and structured exchange of data in a dialog for a business purpose.
