Foreword

This standard is based on ISO 5232:1998 "Graphical symbols for textile machinery" of the GB/T 15192-1994 subject to revisions. This standard Modify using ISO 5232:1998 English section.

This standard and ISO 5232:1998 The main differences are as follows, the terms of the main differences involved in the margin with a single vertical line identification.

--- Modify the formatting of international standards, therefore, modify the Chapter 2 of the text;

--- Increased A154 ~ A160 seven basic symbols, which has six basic symbols taken from IEC 60417;

--- Increased B144 ~ B151 eight special symbols;

--- Canceled Appendix B.

This standard replaces GB/T 15192-1994 "Graphical symbols for textile machinery." Compared with the standard GB/T 15192-1994 The main changes are as follows.

--- According to GB/T 16273 "equipment graphic symbol" layout orchestrated;

--- An increase of 25 basic symbols, 38 special symbols, which are. A10, A11, A18, A24, A26, A27, A28, A29, A43, A46, A47, A59, A65, A66, A72, A82, A93, A96, A112, A113, A114, A119, A144, A145, A148, B2, B3, B12, B13, B18, B19, B20, B21, B22, B23, B25, B26, B36, B43, B44, B48, B56, B57, B58, B59, B60, B62, B63, B74, B77, B79, B80, B96, B97, B99, B102, B110, B111, B112, B117, B118, B142, B143;

--- English index increased;

--- According to ISO 5232:1998, the 1994 edition of numbered A25 "toward the reference point of a two-way effect or action" to "feedback control System "(see this standard A6); the 1994 edition numbered A26" feedback control "to" reference point toward two-way effect (Action), integrated pressure "(see this standard A136);

--- The 1994 edition numbered B56 of "reeling pendulum device or doffing means" with "reeling or winding apparatus pendulum Means "(see this standard B84).

Appendix A of this standard is an informative annex.

The standard proposed by China Textile Industry Association.

This standard by the National Standardization Technical Committee Textile machinery and accessories.

This standard was drafted. China Textile Machinery Association, Tianjin Hongda Textile Machinery Company Limited, a Shanghai Textile Machinery Co., Division, the China National Institute of Standardization.

Introduction

Graphic symbols defined as. recognizable symbols by writing, drawing, printing or otherwise made.

Graphical symbols for nonverbal transfer of information, but in a clear and easy to understand representation of an object or concept (unity and expression Principles laid publication of graphical symbols in GB/T 16900-1997 "General Rules of graphical symbols" and GB/T 1252-1989 "FIG.

Its symbol arrow Applications ").

Because of the design and use of graphic symbols (in the world) is increasing, this standard are listed in the textile machinery used in a these graphical symbols, along with some of the symbols will be recognized continuously updated.

Appendix A gives an example of the application of graphical symbols.

Graphical symbols for textile machinery

1 Scope

This standard specifies the graphical symbol textile machinery and the corresponding meanings.

Graphic symbols apply to this standard.

- a) placed on a variety of textile machinery equipment or components so directs staff to manipulate these devices or components, adjustment of status, and Functional status.
- b) for technical drawings, diagrams and charts such program documents indicate the status, functions or operations.

2 Graphical symbols

This standard is to retrieve your convenience, in the first column of Table 1 and Table 2 are marked sequence number in the last column marked with ISO 7000 "Figure equipment Symbol index and list "and IEC 60417" equipment Graphical symbols "in the corresponding registration number, they recognize that in addition to this standard these unique number symbol.

This standard graphical symbols are divided into.

--- A categories. basic graphic symbols (see Table 1);

--- Category B. special graphic symbols (see Table 2).

NOTE: Immediately after the brackets meaning the content is further explanation of the meaning. Side by side, separated by semicolons English meaning, Chinese meaning separated by a comma, enclosed no. The meaning is not recommended.
