About this English translation

Foreword

GB/T 15370 "agricultural tractors general technical conditions" is divided into seven parts. - Part 1. 50kW wheeled tractors below; - Part 2. 50kW ~ 130kW wheeled tractors; - Part 3. wheeled tractors above 130kW; - Part 4. Crawler tractor; - Part 5. Belt drive wheeled tractors; - Part 6. four - wheeled tractors; - Part 7. Tricycle tractors. This part is Part 6 of GB/T 15370. This part is drafted in accordance with the rules given in GB/T 1.1-2009. This part is made by the China Machinery Industry Federation. This part of the National Tractor Standardization Technical Committee (SAC/TC140) centralized. This part of the drafting unit. Hubei Jin Chi Machinery Co., Ltd., Hubei Province, agricultural machinery identification station, Huazhong Agricultural University, Hubei University of Technology. This part of the main drafters. Li Hanhe, Yang Shaobin, Yang Taiping, Xu Qi Chuan, Zhu Luyang, Zhou Yong. Agricultural tractors - General technical conditions Part 6. four - wheeled tractors

1 Scope

GB/T 15370.6-2016 is the Chinese national standard on agricultural tractors - general requirements - part 6: four-wheel boat tractors, in the field of agriculture. The /T suffix marks it as a recommended standard: it is not compulsory by itself, but it becomes binding as soon as a contract, a tender or a customer specification calls it up - which in practice is how most foreign buyers meet it. It was issued on 24 February 2016 by the General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China; Standardization Administration of China, and has been in force since 1 September 2016. Classification: ICS 65.060.10, CCS T61. This page is published from the official record of the standard held by the Chinese standards administration: the identification, the dates, the classification and the issuing body are taken from there. The clause text, the tables and the numeric limits are in the document itself, which is delivered complete in English translation.

This part of GB/T 15370 specifies the technical requirements, test methods, inspection

rules, delivery, marking, transport of four-wheeled tractors And storage. This part applies to the calibration power of not less than 18.38kW, multi-cylinder direct drive, double bridge four and hull or double bridge wheel combination and hull, Stand-alone power output device, paddy field operations, water and dry use of the tractor (hereinafter referred to as tractor). Other similar double bridge ship drag The machine can also refer to the implementation.

2 Normative reference documents

The following documents are indispensable for the application of this document. For dated references, only the dated edition applies to this article Pieces. For undated references, the latest edition (including all amendments) applies to this document.

GB/T 1592 (all parts) Agricultural tractors Rear power output shafts 1, 2, 3 and 4

GB/T 1593.1 Agricultural wheeled tractors - Rear three-point suspension - Part 1. Class 1, 2, 3 and 4

GB/T 2780 Agricultural tractor traction device type size and installation requirements

GB/T 2828.1 Sampling inspection procedures Part 1. Batch inspection sampling plan for retrieval by quality limit (AQL) Agricultural tractors - Test procedures - Part 2. Measurement of machine parameters GB/T Agricultural tractors - Test procedures - Part 3. Power output shaft power test GB/T Agricultural tractors - Test procedures - Part 5. Turning rounds and through circular diameters Agricultural tractors - Test procedures - Part 8. Noise measurement GB/T Agricultural tractors - Test procedure - Part 9. Traction power test GB/T Agricultural tractors - Test procedures - Part 10. Low - temperature start - up Agricultural tractors - Test procedures - Part 11. High temperature performance test GB/T

GB/T 3871.18 Agricultural tractor test procedure - Part 18. Hydraulic power at the interface between the tractor and the machine

GB/T 3871.19 Agricultural tractor test procedure - Part 19. Wheeled tractor steering performance

GB/T 5862 Agricultural tractors and machines General hydraulic quick change fittings

GB/T 9480 Agriculture and forestry tractors and machinery, lawn and horticultural power machinery Safety requirements for tractors - Part 1. Wheeled tractors

GB 18447.1 Tender requirements for agricultural wheeled tractors

GB/T 19040 Maximum operating force for agricultural tractors operating equipment GB/T

GB 20891 Non-road mobile machinery Diesel engine exhaust pollutant emission limits and measurement methods (China's third and fourth stage)

GB/T 23292 Tractor fuel tank test method Safety requirements for fuel tanks for agricultural

and forestry tractors GB 24387

GB/T 24645 Tractor slime test method for watertightness
