What this standard covers

This standard specifies the fiber length and fiber elongation (usually in terms of the optical system) test methods, establish uniform test procedures for measuring and technical requirements. This section applies to Class A and Class B multimode fiber single-mode fiber optic cable fiber optic measurement and finished commercial test.

Document data

International classification (ICS): 33.180.10.

Chinese classification (CCS): M33.

Estimated length of the Chinese original: 23,235 words.

Adopted international standard: IEC 60793-1-22-2001, MOD.

Supersedes the earlier edition GB/T 15972.2-1998.
