The GB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 42 pages in English translation.

2 Scope Preview

This standard specifies the potential domestic and foreign trade as a potential seller sells goods or services provided price, delivery schedule and other conditions of the packets. This standard applies to both domestic and international trade. It is a common business practice-based, not limited to a particular type of business or industry.

GB/T 17707-1999 falls under ICS 35.240.60, in the field of information technology.

This catalogue holds 3,378 other GB/T standards in that field.

In this catalogue, GB/T standards carry edition years from 1963 to 2026.
