1 Foreword

GB/T 18375.6-2002 was issued by State Administration of Quality Supervision, Inspection and Quarantine of the People Republic of China China National Standardization Administration Committee on 11 June 2004.

It is one of 12 parts of the GB/T 18375 series.

The GB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies: lower limb prostheses static and dynamic testing process, in this process, addition to a special case, are to produce a composite with a test force test load. On the test sample depending on the load of each component of composite load Peak, these peaks occur during walking through the support phase when the different instantly. It was issued by State Administration of Quality Supervision, Inspection and Quarantine of the People Republic of China China National Standardization Administration Committee.

GB/T 18375.6-2002 falls under ICS 11.040.10, in the field of health care technology.

This catalogue holds 845 other GB/T standards in that field.

In this catalogue, GB/T standards carry edition years from 1963 to 2026.

3 Normative references

The following documents are referred to in the text in such a way that some or all of their content constitutes requirements of this document.

GB/T 14191-1993 - Prosthetics and orthotics -- Vocabulary -- Part 1: General terms for external limb prostheses and external orthoses

GB/T 18375.3-2001 - Prosthetics -- Structural testing of lower-limb prostheses -- Part 3: Principle structural tests

4 Where this standard sits

It cites 2 standards, among them GB/T 14191-1993, GB/T 18375.3-2001, listed in full above.

It is one part of the GB/T 18375 series, of which this catalogue holds 12 parts.

5 About this standard

Issued by: State Administration of Quality Supervision, Inspection and Quarantine of the People Republic of China China National Standardization Administration Committee

English translation: about 8 pages (approximate)
