--- GB 18624-2002. GI products Shuijingfang wine

1 Scope

GB/T 18624-2007 is the Chinese national standard on product of geographical indication - shuijingfang liquor, in the field of food technology. The /T suffix marks it as a recommended standard: it is not compulsory by itself, but it becomes binding as soon as a contract, a tender or a customer specification calls it up - which in practice is how most foreign buyers meet it. It was issued on 19 September 2007 by the General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China; Standardization

Administration of China, and has been in force since 1 May 2008. Classification: ICS 67.160.10, CCS X61. This page is published from the official record of the standard held by the Chinese standards administration: the identification, the dates, the classification and the issuing body are taken from there. The clause text, the tables and the numeric limits are in the document itself, which is delivered complete in English translation.

This standard specifies the scope of protection of geographical indications, Shuijingfang wine terms and definitions, requirements, test methods, inspection rules and signs, labels, Packaging, transportation and storage. This standard applies to the inclusion of Quality Supervision, Inspection and Quarantine administrative department under the "geographical indication protection regulations" approved protection Shuijingfang wine.
