--- GB/T 18884.2-2002. Household kitchen equipment Part 2. General technical requirements

1 Scope

GB/T 18884.2-2015 is the Chinese national standard on household kitchen - part 2: general technique request, in the field of domestic and commercial equipment, entertainment, sport. The /T suffix marks it as a recommended standard: it is not compulsory by itself, but it becomes binding as soon as a contract, a tender or a customer specification calls it up - which in practice is how most foreign buyers meet it. It was issued on 18 September 2015 by the General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China; Standardization Administration of China, and has been in force since 1 April 2016. Classification: ICS 97.040.20, CCS Y68. This page is published from the official record of the standard held by the Chinese standards administration: the identification, the dates, the classification and the issuing body are taken from there. The clause text, the tables and the numeric limits are in the document itself, which is delivered complete in English translation.

GB/T 18884 provisions of this part of the classification of household kitchen equipment, size, requirements, marking, packaging, transportation and storage. This part of the design is suitable for household kitchen equipment, production and installation.
