9.3 Presentation of Results

1 Foreword

GB/T 19263.1-2003 was issued by State Administration for Market Regulation; Standardization Administration of the PRC on 18 December 2003 and has been in force since 1 August 2004.

It is one of 2 parts of the GB/T 19263 series.

The GB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

GB/T 19263.1-2003 falls under ICS 33.160; 19.133, in the field of telecommunications.

This catalogue holds 1,124 other GB/T standards in that field.

In this catalogue, GB/T standards carry edition years from 1963 to 2026.

3 Where this standard sits

GB/T 19263.1-2003 is classified under ICS 33.160; 19.133, in the field of telecommunications.

It is one part of the GB/T 19263 series, of which this catalogue holds 2 parts.

4 About this standard

Issued by: State Administration for Market Regulation; Standardization Administration of the PRC

English translation: about 15 pages (approximate)

5 Related standards

Other parts of this standard:

GB/T 19263-2003 - Technical specification of transport of MPEG-2 signals in SDH network

6 Classification and status

International classification (ICS): 33.160; 19.133

Prefix GB/T: recommended standard.
