1 Foreword

GB/T 21097.1-2007 is issued by State Administration for Market Regulation; Standardization Administration of the PRC.

It is one of 2 parts of the GB/T 21097 series.

The GB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This Part of GB/T 21097 specifies such contents as terms, definitions, technical requirements, and marking of recycling and safe service life of household and similar electrical appliances. This Part is applicable to household and similar electrical appliances sold, applied and disposed in China. Note 1: The requirements of this Part are applicable to products and manufacturers in remote sales and electronic distribution and unrelated to selling skills. The manufacturers and distributors in remote sales and electronic distribution channel shall adopt the same form or mode to execute this Part to avoid the distributors of other channels from undertaking the waste and used and recovery management expenses of products through remote sales or electronic distribution in this Part. Note 2: This Part shall include household and similar electrical appliances used by all consumers and special-purpose electrical appliances possible to be the garbage in municipal utility industry.

GB/T 21097.1-2007 carries no ICS number and no Chinese Standard Classification code.
