- Part 1. Physical wood floor space;
- Part 2. swimming venue;
- Part 3. baseball, softball field;
- Part 4. basketball court;
- Part 5. football field;
- Part 6. Track and Field;

- Part 7. tennis courts;
- Part 8. sports rink;
- Part 9. skiing;
- Part 10. squash courts;
- Part 11. hockey venues;
- Part 12. Cricket Ground;
- Part 13. bowling green;

## 1 Scope

GB/T 22517.11-2014 is the Chinese national standard on technical requirements and test methods for sports field-part 11: hockey, in the field of domestic and commercial equipment, entertainment, sport. The /T suffix marks it as a recommended standard: it is not compulsory by itself, but it becomes binding as soon as a contract, a tender or a customer specification calls it up - which in practice is how most foreign buyers meet it. It was issued on 3 September 2014 by the General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China; Standardization Administration of China, and has been in force since 1 January 2015. Classification: ICS 97.220.10, CCS Y55. This page is published from the official record of the standard held by the Chinese standards administration: the identification, the dates, the classification and the issuing body are taken from there. The clause text, the tables and the numeric limits are in the document itself, which is delivered complete in English translation.

This section GB/T 22517 specifies the hockey venue classification, requirements, test methods and quality decision rules. This section applies to standard outdoor artificial turf field hockey surface, other non-standard artificial turf surface field hockey May refer to.
