Foreword

GB/T 22939 "Household and similar electrical appliances package" consists of several sections, GB/T 1019 for the General, GB/T 22939 for the special Specific requirements. This part of GB/T 22939 Part 7 of this section and GB/T 1019-2008 "Household and similar electrical appliances General Packaging" With the use of. The states in this part of the "applicable" part, expressed in GB/T 1019-2008 the corresponding provisions applicable to this section; this section states "Instead of" or "modify" part of this section shall prevail; this part states "addition" part indicates in addition to compliance with GB/T 1019- In 2008 the corresponding provisions, shall comply with the provisions of this part of the increase. Flag General of the increase in digital standard clauses or graph, starting from 101, additional annexes to AA, BB and other markers; to increase the column item aa), bb) and other markers. This part is proposed by the China National Light Industry Council. This part of the National Standardization Technical Committee appliances (SAC/TC46) centralized. This part of the main drafting unit. China Academy of household appliances, Haier Group. Participated in the drafting of this section. Midea Group Co., Ltd., Zhuhai Gree Electric Appliance Co., Ltd., Jiangsu Chunlan Refrigeration Equipment shares have Limited, Guangdong Chigo Air Conditioning Co., Ltd., Ningbo Aux Air Conditioning Co., PHAAG, Shanghai Mitsubishi Electric · Mitsubishi Electric Co. Ltd. on air conditioners, Daikin Air Conditioning (Shanghai) Co., Ltd., Shenyang Sanyo Air Conditioning Limited. The main drafters of this section. Ma Dejun, Yang Chao, Zhang Shouxin, Wang Chuansong, Liaoguo Jin, Wu Zhou, Zhou Xiaoming, Li , Bai Wei, Ye, Lu Dongming, Shijian Chun, in Wei, Hu. Household and similar electrical appliances packaging Particular requirements for air conditioners

1 Scope

GB/T 22939.7-2008 is the Chinese national standard on package of household and similar electrical appliances - particular requirements for refrigerator, in the field of domestic and commercial equipment, entertainment, sport. The /T suffix marks it as a recommended standard: it is not compulsory by itself, but it becomes binding as soon as a contract, a tender or a customer specification calls it up - which in practice is how most foreign buyers meet it. It was issued on 30 December 2008 by the General Administration of Quality

Supervision, Inspection and Quarantine of the People's Republic of China; Standardization Administration of China, and has been in force since 1 September 2009. Classification: ICS 97.040.30, CCS Y61. This page is published from the official record of the standard held by the Chinese standards administration: the identification, the dates, the classification and the issuing body are taken from there. The clause text, the tables and the numeric limits are in the document itself, which is delivered complete in English translation.

GB/T 1019-2008 in the chapter replaced by the following. This section GB/T 22939 specifies the requirements for household and similar air conditioner package. This section applies to inspection of household and similar electrical appliances - air conditioners in the package, this section can also be used for mobile air conditioner, dehumidifier (Hereinafter referred to as an air conditioner) inspection of the package machines.

2 Normative references
