What this standard covers

This standard specifies the classification of gallium arsenide solar cells monocrystalline rods, technical requirements, inspection methods and rules and signs, packaging, transport and storage of Discovery. This standard applies to the manufacture gallium arsenide GaAs monocrystalline solar rounded his stick.

Document data

International classification (ICS): 29.045.

Chinese classification (CCS): H80.

Estimated length of the Chinese original: 8,863 words.
