Foreword

This document is in accordance with the provisions of GB/T 1.1-2020 "Guidelines for standardization work Part 1: Structure and drafting rules for standardization documents" Drafting.

This document replaces GB/T 33492-2017 "Rules for the Management of Second-hand Goods Markets" and is consistent with GB/T 33492-2017.

In addition to structural adjustments and editorial changes, the main technical changes are as follows.

- Changed the scope of application (see Chapter 1, Chapter 1 of the 2017 edition);
- The terms and definitions of "second-hand goods", "second-hand goods market" and "investment invitation system" have been deleted (see 3.1, 3.2 and 3.3 of the 2017 edition), and "second-hand goods" have been added.

The terms and definitions of "second-hand goods trading market", "second-hand goods trading market operating organization" and "operating entity" (see 3.1, 3.2 and 3.3);

- Combine "operating environment requirements and facility and equipment requirements" into "basic requirements", and make changes to "organization, personnel, site selection, operating environment, facilities and equipment requirements" The relevant requirements are put forward for "facilities and equipment" (see Chapter 4, Chapter 4 and Chapter 5 of the 2017 edition);
- Change "operation and management requirements" to "management requirements", and make changes to "management system, business entity management, second-hand goods management, price management, Service Management" and other related requirements

(see Chapter 5, Chapter 6 of the 2017 edition);

- Added a chapter on "Service Expansion Requirements" to set requirements for operators to provide relevant value-added services (see Chapter 6);
- Added a chapter on "Confirmation Methods" to set out assessment requirements for the level of business operations of operating organizations (see Chapter 7).

Please note that some of the contents of this document may involve patents. The issuing organization of this document does not assume the responsibility for identifying patents.

This document is under the jurisdiction of the National Technical Committee for Standardization of Second-hand Goods (SAC/TC440).
