Foreword

This standard was drafted in accordance with the rules given in GB/T 1.1-2009.

This standard uses the redrafting method to modify the use of ISO 16409.2006 "dental oral cleaning supplies manual interdental brush".

This standard has more structural adjustments than ISO 16409.2006. This standard and ISO 16409.2006 are listed in Appendix A.

The chapter number is compared to the list.

There are technical differences between this standard and ISO 16409.2006, and the terms involved in these differences have been passed on the outer margins of the margins.

The vertical single line (|) is marked, and a list of the corresponding technical differences and their causes is given in Appendix B.

This standard incorporates amendments to ISO 16409.2006/Amd.1.2010, and the provisions of these amendments have been adopted.

The vertical double line (||) of the side margin is marked.

This standard was proposed by the China Light Industry Association.

This standard is under the jurisdiction of the National Standardization Technical Committee for Oral Care Products (SAC/TC492).
