9.4 Control class

1 Foreword

GB/T 40015-2021 was issued by State Administration for Market Regulation, China National Standardization Administration on 30 April 2021 and has been in force since 1 November 2021.

The GB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 77 pages in English translation.

2 Scope Preview

This standard is a Chinese recommended national standard. Its English version is available from this page.

GB/T 40015-2021 falls under ICS 35.110, in the field of information technology.

This catalogue holds 3,378 other GB/T standards in that field.

In this catalogue, GB/T standards carry edition years from 1963 to 2026.

3 About this standard

Issued by: State Administration for Market Regulation, China National Standardization Administration

English translation: about 77 pages

4 Related standards
